DETAILED ACTION

1. Applicant's communication filed on February 12, 2003 has been carefully considered and placed of record in the file. The arguments advanced therein, considered together with the amendments made to the claims, are persuasive and the rejections based upon prior art made of record in the previous Office Action are withdrawn. Claims 1, 6, 10, 15, 19, 22 and 27 have been amended. Claims 1-30 are pending.

Allowable Subject Matter

2. Claims 1-30 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record does not reasonably disclose or suggest, either alone or in combination, all of the limitations of claim 1-30. That is, Doerr et al. does not disclose or suggest a phase modulator within an optical cavity, the phase modulator comprising a first optical combiner and a second optical combiner, as claimed. Doerr et al. discloses star couplers, which are distinct in the art from optical combiners. Doerr et al. also does not disclose the associated method as claimed.

Conclusion

4. Any inquiry concerning the merits of this communication should be directed to Examiner Sarah Song at telephone number 703-306-5799. Any inquiry of a general or clerical nature, or relating to the status of this application or proceeding should be directed to the receptionist at telephone number 703-308-0956 or to the technical support staff supervisor at telephone number 703-308-3072.
